

PPP Protocol Suite

RFC Sourcebook

[Network layer protocols](#)

[Network control protocols](#)

[Link control protocols](#)

[Compression protocols](#)

[Encryption protocols](#)

[PPP](#), Point-to-Point Protocol.

Network Layer Protocols:

These protocols are assigned PPP protocol numbers in the range 0x0000 to 0x3FFF.

- [MP](#), PPP Multi-link Protocol.
- [MP+](#), PPP Ascend's Multilink Protocol Plus.
- [MPLS](#), Multi-Protocol Label Switching.
- [SDTP](#), PPP Serial Data Transport Protocol.

Network Control Protocols:

These protocols are assigned PPP protocol numbers in the range 0x8000 to 0xBFFF.

- [ATCP](#), PPP AppleTalk Control Protocol.
- [BCP](#), PPP Bridging Control Protocol.
- [BVCP](#), PPP Banyan Vines Control Protocol.
- [CCP](#), PPP Compression Control Protocol.
- [DNCP](#), PPP DECnet Phase IV Control Protocol.
- [ECP](#), PPP Encryption Control Protocol.
- [IPCP](#), PPP Internet Protocol Control Protocol.

- [IPv6CP](#), PPP IPv6 Control Protocol.
 - [IPXCP](#), PPP IPX Control Protocol.
 - [MPLSCP](#), MPLS Control Protocol.
 - [NBFCP](#), PPP NetBIOS Frames Control Protocol.
 - [OSINLCP](#), PPP OSI Network Layer Control Protocol.
 - [PPP-LEX](#), PPP LAN Extension Protocol.
 - [SDCP](#), PPP Serial Data Control Protocol.
 - [SNACP](#), PPP SNA Control Protocol.
 - [VSNCP](#), Vendor-Specific Network Control Protocol.
 - [XNSCP](#), PPP XNS IDP Control Protocol.
-

Link Control Protocols:

These protocols are assigned PPP protocol numbers in the range 0xC000 to 0xFFFF.

- [BACP](#), PPP Bandwidth Allocation Control Protocol.
 - [BAP](#), PPP Bandwidth Allocation Protocol.
 - [CHAP](#), PPP Challenge Handshake Authentication Protocol.
 - [EAP](#), PPP Extensible Authentication Protocol.
 - [LCP](#), PPP Link Control Protocol.
 - [LQR](#), PPP Link Quality Report Protocol.
 - [PAP](#), PPP Password Authentication Protocol.
 - [VSAP](#), Vendor-Specific Authentication Protocol.
-

Compression Protocols:

These protocols are assigned [CCP](#) option types.

- [BSD](#), PPP BSD UNIX Compression Protocol.

- [Deflate](#), PPP PKZIP Deflate Protocol.
 - [DCE](#), PPP for Data Compression in Data Circuit-Terminating Equipment.
 - [FZA](#), PPP Gandalf FZA Compression Protocol.
 - [LZS](#), PPP Stac LZS Compression Protocol.
 - [LZS-DCP](#), PPP LZS-DCP Compression Protocol.
 - [MPPC](#), PPP Microsoft Point-To-Point Compression Protocol.
 - [MVRCA](#), PPP Magnalink Variable Resource Compression Algorithm.
-

Encryption Protocols:

These protocols are assigned [ECP](#) option types.

- [3DESE](#), PPP Triple-DES Encryption Protocol.
 - [DESE](#), PPP DES Encryption Protocol.
 - [DESE-bis](#), PPP DES Data Encryption Standard Protocol, Version 2.
-
