

The SurveyMonkey Alternative for Online Form

SurveyMonkey and Wufoo are powerful platforms. See what each does best.

What's Up With SurveyMonkey and Wufoo?

[SurveyMonkey](#) — the world's #1 online survey platform—and Wufoo have joined forces to give users easy-to-use online surveys and form-building. **But don't worry, Wufoo's here to stay.**

Question:

"What's up with
SurveyMonkey and
Wufoo?"

How are Wufoo and SurveyMonkey alternatives to one another?

Both SurveyMonkey and Wufoo host user-friendly form creation and a secure, organized, and easy way to collect information. But Wufoo is a great alternative to SurveyMonkey because people don't just use our forms to survey people and ask questions. They also use our forms to build websites and facilitate transactions. Wufoo also helps create databases to keep all your data organized and accessible by other programs.

Okay. What does SurveyMonkey do?

Use SurveyMonkey to create surveys for your employees, customers, students, or the general public. Get answers to

"How are Wufoo and SurveyMonkey alternatives to one another?"

"Okay. What does SurveyMonkey do?"

"What are some of SurveyMonkey's features?"

your burning questions so you can get feedback and make positive changes. Distribute or embed surveys through a web link, email, or Facebook. And once your results come in, use SurveyMonkey's powerful analytics to interpret your results and make smarter decisions.

What are some of SurveyMonkey's features?

SurveyMonkey offers free basic or paid pro plans that help people get the answers they need. Choose from customizable templates and expert-certified questions, or add your own questions to create methodologically sound questionnaires that you can send to anybody you'd like.

Some of their other features include:

SurveyMonkey Contribute. Take surveys to earn money for

"So what does
Wufoo do?"

"What are some of

So What's New with Wufoo?

Use Wufoo to create beautiful, customizable online forms with an intuitive drag 'n drop design approach. Whether you're a small business owner setting up a form for online payment, or you're hosting an event and need to gather information

from your attendees, Wufoo can help!

What are some of Wufoo's features?

As an alternative to SurveyMonkey, Wufoo's online forms can be used as surveys, but why not check out the features that set us apart? Here are just some of the unique [features](#) of our online forms:

Accept payments. Make business transactions faster.

Process credit cards with our payment integration system that interfaces with PayPal and more.

Collect files and attachments. Want to collect cover letters and résumés from job applicants? Need someone to send you a signed waiver? Give people the option to upload documents when they fill out your online form.

Protect your data collection. Our smart captcha system detects potentially abusive behavior by spambots and

automatically shows up in your forms only if we need to verify that your respondents are human. [Watch this video](#) to see it in action!

Organize your data. Are you collecting email addresses for your mailing list or compiling lists of potential leads for your marketing or sales team? Send the information you collect to different platforms directly for easy data organization.

Customize your look. Wufoo's not just a pretty face, but we're definitely stunning. Choose from many different gorgeous themes to personalize your form or reflect your organization's look.

But Wufoo's better than SurveyMonkey, right? We're both awesome! There's no need to choose between SurveyMonkey and Wufoo, especially since we serve different needs. SurveyMonkey is a great choice when you want methodologically sound questions for your online polls. Wufoo's an alternative to SurveyMonkey when you need online forms that can accept payment and uploads from your
